

Aleis Readers

Experience that Counts

Model 9164

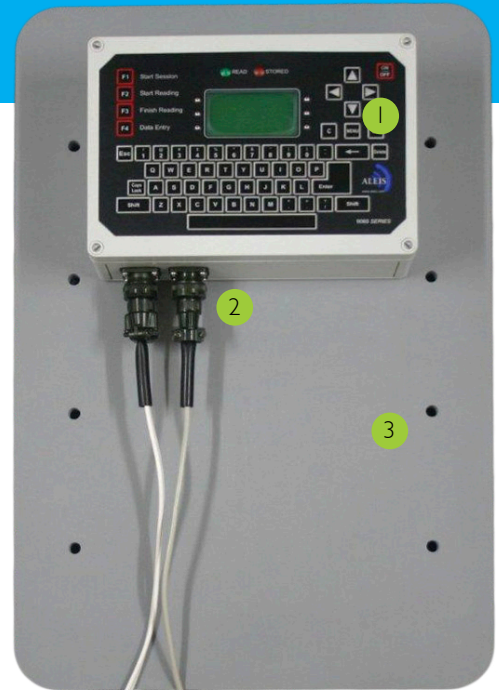

Semi-Automated Panel Reader

- Read stationary animals at similar height
- Storage capacity of up to 100,000 RFID numbers or up to 40,000 RFID numbers with full data records
- Full QWERTY keyboard
- Reads and stores RFID numbers for easy download at a later time
- Sends RFID numbers direct to scale indicator, computer or PDA
- Compatible with all major scales and software
- Reads all ISO 11784/11785 compliant products

Fast, Accurate and Efficient

Designed for reading stationary animals at a similar height, the semi-automated 9164 features a full QWERTY keyboard featuring 4 x 16 character data entry fields and the ability to create data templates that can be customised to suit specific requirements. The 9164 has storage capacity of up to 100,000 RFID numbers or up to 40,000 RFID numbers with full data records. The 9164 is powered by an external power source and is built to withstand the harshest of conditions.

Features shown above

1. Bright, easy to read LCD screen display with QWERTY keyboard
2. External power supply
3. Eight pre-drilled holes for easy mounting

A range of distinctive tones and bright LEDs provide alert functions set specifically for your animals.

Reliability you can count on

Aleis have been developing and supplying livestock reading equipment for over 20 years across all sectors of the livestock industry.

Aleis equipment is responsible for reading over 60,000,000 devices annually.

Model 9164

Bluetooth wireless technology model numbers

9164BT: Reader with inbuilt Bluetooth wireless technology

9164BTSD: Reader with inbuilt Bluetooth wireless technology and scale with external Bluetooth dongle

Specifications

- Weight 10.8kg
- External power source required
- Data security: Non-volatile memory ensures all stored RFID's are safe even if battery goes flat
- Dual Memory backup function
- Antenna size: 600mm x 400mm x 21mm
- Operating temperature: -20° to +60°C
- Operating frequency: 134.2KHz HDX and FDX-B
- Data lead: 5m reader to computer serial lead
- Data interface: Serial RS232 or optional Bluetooth wireless technology
- High speed data transfers

Optional Extras

- USB adaptor Part number 4047
- Bluetooth dongle for computer serial: Part number 4058C

Free Inclusions

- Easy to follow user guide
- Aleis download software
- 5m serial data lead
- USB serial adaptor
- 6m power cable with Alligator clips
