

# Aleis Readers

## Experience that Counts

# Model 9060

 **Bluetooth** Options Available

### Two-piece portable wand

- Review RFID records and data on a backlit LCD screen
- Full QWERTY keyboard and up to 30 hours of battery life
- Reliable and easy to use
- Reads all ISO 11784/11785 compliant products
- Compatible with all major scales and software
- Up to 100,000 RFID storage or up to 40,000 full data records
- Up to 1,000 sessions with a maximum of up to 4,000 RFID's per session

### Fast, Accurate and Efficient

The 9060 is a highly flexible reader with the ability to remove and interchange wands with ease. A unique feature of the 9060 is the ability to create data templates that can be customised to your requirements. With exceptional accuracy the 9060 will not duplicate (unless set) an animal RFID in current session and it is easy to clear the memory from the reader when required. RFID numbers can be easily downloaded at a later time or the 9060 can be set up directly to a scale indicator, laptop or PDA. With the Aleis download software the transfer of RFID data is easy and reliable. The Aleis 9060 has been built specifically for the livestock industry and to withstand the harshest of weather conditions.

### Data entry keypad

With a data entry keypad the 9060 allows the recording of vaccinations, pregnancy testing, weight or other information against the individual animal or mob that your are reading. User fields can be added and customised to suit your requirements.

A range of distinctive tones and bright LEDs provide alert functions set specifically for your animals.

### Reliability you can count on

Aleis have been developing and supplying livestock reading equipment for over 20 years across all sectors of the livestock industry.

Aleis equipment is responsible for reading over 60,000,000 devices annually.

# Model 9060

## Bluetooth wireless technology model numbers

9060BT: Reader with inbuilt *Bluetooth* wireless technology

9060BTSD: Reader with inbuilt *Bluetooth* wireless technology and scale with external *Bluetooth* dongle

## Specifications

- Weight: 2.45kg
- Power: Inbuilt rechargeable NiMH battery
- Data security: Non-volatile memory ensures all stored RFID's are safe even if battery goes flat
- Operating temperature: -20°C to +60°C
- Operating frequency: 134.2KHz HDX/FDX-B
- Read distance: 500mm using HDX, 400mm using FDX-B
- Data Lead: 5m reader to computer serial lead
- Data interface: Serial RS232 or optional *Bluetooth* wireless technology
- High speed data transfers

## Optional Extras

- Aluminium heavy duty case: Part number 4085
- USB adaptor: Part number 4047
- Cigarette lighter charge lead: Part number 4048
- *Bluetooth* dongle for computer serial: Part number 4058C
- Variable wand lengths up to 3m

## Free Inclusions

- Aleis download software
- Easy to follow user guide
- Battery charger
- 5m serial data lead
- USB serial adaptor

Your local Aleis distributor

All Aleis products are manufactured under ISO manufacturing standards using the highest grade materials in all components. At Aleis we look to maintain the highest quality standards. Our products are designed to withstand the harshest conditions and undergo vigorous in-field testing to ensure you get the reliability and accuracy you can count on!
